

Fabulous Fall Fun Fest

Midwest Laughter Leaders Conference Chicago O'Hare Area Location
October 2 – 3, 2010

LaughFest in the Midwest

We are trying something new out here in the Midwest! In January we offered a Laughter Renewal Day for Leaders of Laughter, whether certified through the School of Laughter Yoga or The World Tour...all those certified in laughter leadership were invited to attend, greet and meet other laughter leaders, share and discuss what's happening in their area, and find out some new ideas or thoughts on creating more laughter in the year!

Since not everyone can attend the National Laughter Yoga Conference held annually for the past four years, nor can everyone attend Steve Wilson's advanced workshop...we are creating the best of both worlds....right here in the Heartland!

Bringing together those who are using the laughter to make a difference and willing to share tips, techniques and talents with those who want to get connected and supported to develop their laughter leadership more effectively.

This is a pooling of talent to grow laughter awareness for those who seek it, and support leaders to deliver it, thus creating a larger market for it worldwide. As a Leader of Laughter who has used methods successfully to spread the word and use laughter efficiently, we are happy to include you in this growing opportunity to expand yourself as one who has defined themselves in laughter that others are happy to learn from.

Conference Content:

Presentations from Laughter Professionals

Sharing a variety of ways that laughter can be created, used and presented with a variety of different groups

Laughter Activities and Exercises

Hands on Laughter Activities to enhance your leadership. Laughter Exercises and new ways to inspire creativity
